

FAASTeam presents:

FAA Safety Briefing LIVE! - July/August 2020 Issue

The July / August 2020 issue focuses on the importance of human factors in aviation. Feature articles and departments address stress, fatigue, decision making, cognitive bias, and more. We also take a closer look at the humans behind the FAA's Human Factors team to see how their work is helping improve aviation safety.

NOTE: While many of the ideas covered in the quiz are included in the presentation, you may need to download a copy of the magazine from: https://www.faa.gov/news/safety_briefing/ to complete this course.

Directions: To access this FAA Safety Briefing LIVE Broadcast - [CLICK HERE](#)
Registration is NOT required to view the live or archived presentation.

There is no limit to the number who may attend this broadcast, just use the link above to access this event at the scheduled time. There is no additional software to download.
